## NEWS RELEASE

To: News Media  
From: Board of Commissioners Office  
Date: August 24, 2017  
Subject: IV County Building

After careful consideration, the Board of County Commissioners has reached a tentative agreement to sell the Josephine County building at 102 N. Redwood Highway in Cave Junction to the Illinois Valley Senior Center. The Senior Center has been a long-time positive community partner. The building, which the county purchased in 1965, is just over 6,277 square feet. The purchaser has agreed to pay \$340,000.00 cash in exchange for full title to the property. The new owner has a desire to accommodate the existing tenants (IV Soil and Water, IV Baptist Church, Food and Friends, Josephine County Public Health), either at their present location or elsewhere.

The Board is passionate about prioritizing the revenue, after expenses, back into the Illinois Valley. Two priorities are the I.V. Airport Employment Property at the industrial park, and improving Internet Service and Emergency Communication in the Illinois Valley.

For further details, please contact Mike Watson at 541-474-5220.
